WIDE AREA TELEPHONE SERVICE LINES (W.A.T.S.) TO ILLINOIS CITIES (EXCEPT CHICAGO AND SPRINGFIELD) FOR OFFICIAL UNIVERSITY BUSINESS CALLS ONLY

There is no toll charge for a call placed on the W.A.T.S. lines if a line is available; however, if all lines are busy the call will automatically advance and be completed over the regular long distance network. Those calls completed over the regular long distance network will be IDENTIFIED BY ORIGINATING TELEPHONE NUMBER, contain full billing detail, and will be billed to the same appropriation as the telephone number from which the call was placed. The department will then be able to determine whether the call was a University business call or a PERSONAL call.

Delays will be virtually eliminated, but remember non-business calls can be identified and then billed to the individual placing the call. It will be the responsibility of the department to notify Telephone Accounting of the date, place, and number called, number from which the call originated, dollar amount, and phone number for proper third party billing. Appropriate action will be taken against individuals who abuse the policy regarding personal calls.

If it is necessary to place a personal long distance call from a University 333-xxxx telephone, dial 9 then 0 for operator and provide her with the residence line phone number to which the call is to be charged.

The W.A.T.S. lines are NOT to be used for calls to Chicago and Springfield. Tie Lines are available for toll-free calls to these two cities. Instructions on how to use the Tie Lines are printed above.

Illinois Bell Telephone Company tariffs prohibit the users of W.A.T.S. lines and Tie Lines from obtaining information by refusing to accept person-to-person or collect calls for the purpose of identifying the calling party and calling back on a W.A.T.S. or Tie Line. (This practice is in clear violation of Illinois Bell tariffs and can lead to discontinuance of the service for the violator.)

HOW TO USE THE W.A.T.S. LINES

Calls Within Area 217

1. Listen for dial tone, then dial 182.
2. When you receive the second dial tone, dial 1, then the complete number you are calling. For example: To call Decatur, Illinois, dial 182 + 1 + seven digits of number.

Calls Elsewhere in Illinois (other than Area 217)

1. Listen for dial tone, then dial 182.
2. When you receive the second dial tone, dial 1, then the proper area code, then the complete number you are calling. For example: To call Peoria, Illinois, dial 182 + 1 + 309 + seven digits of number.

If the telephone number of the party desired is not known, you should obtain the number by dialing 9, then 1, then the area code (if appropriate), then 555-1212. You should then proceed with the instructions indicated above for calls within Illinois.

Calls to Places in Illinois Which Can Not Be Dialed Direct

1. Listen for dial tone, then dial 182.
2. When you receive the second dial tone, dial 0 and place call with the Special Operator. The number 028-1611 will be required by the Special Operator to complete this type of call.

There is no charge for these calls.

Note

The W.A.T.S., Chicago, and Springfield lines are for OFFICIAL BUSINESS ONLY. Departments will be charged for calls made to Illinois cities and elsewhere over long distance lines.

THIRD NUMBER BILLED TOLLS

The University of Illinois telephone system service must comply with the restrictions established by the State of Illinois Department of General Services, Division of Telecommunications, and such restrictions do not permit third number billed tolls to be billed to the University of Illinois administrative lines. (A third number billed toll is a long distance call billed to a University telephone number other than the calling or called number.)

COLLECT CALLS

Collect calls should be accepted only in emergency circumstances.

DIRECT DISTANCE DIALING FOR STATION-TO-STATION CALLS

You can dial direct to most cities in the United States and Canada. A list of frequently called cities and their area codes appears on the introductory pages of the Champaign-Urbana Telephone Directory. Area codes for cities in Illinois are listed on pages 11 and 12. Champaign-Urbana is located in area 217. If the place you want to call is not listed, dial 9, then 0 for Operator and ask if the city can be dialed direct.

LONG DISTANCE CALLS (OUTSIDE ILLINOIS)

- 1. Listen for dial tone, then dial 9.
- 2. Dial 1.
- 3. Dial the proper area code.
- 4. Dial the computer number you are calling. For example: To call New York City, dial 9 + 1 + 212 + seven digits of number.

You will be charged for these calls.

WRONG NUMBERS REACHED ON ANY DIRECT-DIALED LONG DISTANCE CALL

- 1. If you reach a wrong number, ask what city you have reached.
- 2. Immediately dial 9, then 0, and tell the Operator what happened. You will not be charged for the call to the city reached in error if this procedure is followed immediately.

IF YOU DO NOT KNOW THE OUT-OF-TOWN NUMBER YOU ARE CALLING

You can dial direct for Directory Assistance in many cities across the United States.
There is no charge for these calls.

The Directory Assistance Number — 555-1212 — is the *same* in every city that you can dial direct.

For Directory Assistance in area 217, dial 9, then dial 1, then 555-1212.

To call Directory Assistance in a distant city, dial 9, then 1, then the appropriate area code, then the standard Directory Assistance Number 555-1212.

A list of some United States and Canadian cities and their area codes appears on the introductory pages of the Champaign-Urbana Telephone Directory.

ANYONE . . . ANYWHERE . . . CAN CALL YOU DIRECT IF THEY KNOW YOUR NUMBER

Give your complete seven-figure *individual* telephone number to *everyone* who calls you at the University. It will enable them to reach you quickly.

It will be helpful to those who contact you if you include your telephone number on letters and other material you mail.

Remind persons in distant cities that your area code is 217.

Remember, your telephone number is *not* 333-1000. This is the University of Illinois Directory listed number.
